

COMMON SENSE TALK WITH WOMEN.

If a person is ill and needs a medicine is it not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit?

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This is very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Take for instance,

Lydia E. Pinkham's Vegetable Compound.

For thirty years its record has been one unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; when on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine.

We have thousands like the following addressed to Mrs. Pinkham:

Monthly Suffering Backache and Bearing-down Pains always Cured by Lydia E. Pinkham's Vegetable Compound.

"I suffered almost every month, could not get relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have cured me the happiest woman alive. I feel blessed for I am as I live."—Miss Joie Saul, Dover, Mich.

"Four years ago I had almost given up hope of ever feeling well again. I was afflicted with those dreadful headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have completely gotten myself, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in highest terms to all sick women."—Miss Rosa Holden, 120 W. Cleveland Ave., Canton, O.

Another Case of Kidney, Womb and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble, and my back was so stiff and sore. The right ovary was badly affected and everything late distressed me, and there was a bad discharge.

"I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills, and using the Wash, and am now able to do the most of my housework. I believe I should have died if it had not been for your Compound. I hope this letter may be the result of benefiting some other suffering woman. I recommend your Compound to every one."—Mrs. Mary Vaughan, Trimble, Pulaski Co., Ky.

A Letter Which Proves That Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Weakness.

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

"The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right away, and am well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound."—Mary A. Stahl, Watertown, Pa.

McLAURIN TO BE NAMED?

Carolina Senator May Go With the N. W. Commission.

CHARLESTON, Feb. 9.—A special from Washington says: Senator Sullivan of Mississippi had an important conference with President McKinley regarding the new commission which is to go to the Philippines. He urged the president to appoint a southern man of prominence on the commission. The president, it is said, assented to this suggestion and indicated that he would arrange the commission so that all sections of the country would be represented.

Senator Sullivan presented the name of Senator McLaure of South Carolina for this honor. It is said that his Democratic and Republican friends reached an agreement for presenting his name at the White House. It is understood that a strong effort will be made by influential senators of all parties to have the appointment offered him.

Those close to him and who know of his decided pro-expansion views think it probable that he will seriously consider the acceptance. To accept, he would have to resign his seat in the senate, with more than three years to serve and a strong hold on the good will of the people of his state. His friends declare that he is so convinced that in four or five years the country will be unanimous in upholding what has been done he would not hesitate to resign, leaving his political ambitions to the future.

WILL GOLSON IS EXECUTED.

Murderer of Deputy Warnock Hanged at Birmingham.

BIRMINGHAM, Ala., Feb. 9.—Will Golson was hanged here today for the murder of Chief Deputy Sheriff Robert Warnock in this city in November, 1898. Golson last evening confessed to his crime.

Warnock had a warrant for the arrest of Golson, and when he called at the latter's front door and demanded his surrender, Golson shot him down through the door.

Golson, who was a noted desperado, said he was ready to die.

Warnock was very prominent. He was county auditor for several years and the Democratic nominee for mayor of Birmingham in 1894, but was defeated by an independent. He was a native of Cincinnati. His murder caused his widow to suicide by blowing out her brains before a mirror.

Double Murderer to Hang.

TALBOTTON, Ga., Feb. 8.—Wall Leonard, whose case was appealed from this court to the supreme court for new trial, and the latter refused, has been sentenced by Judge W. B. Burr, the date for the execution being fixed on March 2. It will be remembered that W. Leonard was convicted of murder in Talbot superior court for killing his wife, Nora Dean Leonard, and the latter's mother, Mary Francis Dean, Christmas, 1897.

NO GLORY FOR WHEELER.

Ons Said to Have Treated the Alabamian Unfairly.

WASHINGTON, Feb. 9.—A letter received from a prominent officer who served under General Wheeler in the Philippines throws some light on "Fighting Joe's" sudden decision to return home and sever his connection with the military branch of the government.

The writer, who is thoroughly reliable, confirms the reports received here and the opinion so frequently expressed that General Ons has been successful in his efforts in depriving General Wheeler of any glory whatever in the military operations in the Philippines.

The officer in question not only charges that General Ons systematically endeavored to keep General Wheeler in the background, but through the red robin scheme prevented any reports of the operations of General Wheeler's command from entering the states.

Bandits Rob Prince Henry.

VICTORIA, B. C., Feb. 8.—Oriental advices state that Prince Henry of Prussia, vice admiral of the German squadron in Chinese waters, was recently held up and robbed by bandits in a boat, where he had gone to visit a king. The robbers secured about \$1,000 in cash and two bicycles.

ASSESSED THE RAILROADS.

State Board Finished Its Work After a Long Session.

MONTGOMERY, Ala., Feb. 9.—The governor, the secretary of state and the treasurer, constituting the board of railway assessment, after an extended session, have completed the assessment of the railroad properties in the state.

No changes were made in the assessment of the Louisville and Nashville system's property, excepting some slight changes in the assessment of rolling stock, and none of importance were made in the valuation of several lines of the Central, Nashville, Chattanooga and St. Louis, Georgia and Alabama or in any of the smaller independent properties.

The assessment on the 200 miles of new road of the Mobile and Ohio system was increased from \$4,000 to \$5,000 per mile; the new Georgian Andalusia branch of the Louisville and Nashville was assessed at \$4,000 per mile, the Seima and Meridian branch of the Southern was increased \$500 per mile, and the assessment of the Plant system's main line was increased \$250 per mile.

The total increase in the railroad assessments over the past years' assessments, including the returns from the new roads, will amount to over \$750,000. The returns from all the companies showed increased business prosperity.
